HAPPY
Fathers Day

Father's Day is a time to recognize and appreciate the fathers, grandfathers, stepfathers, caregivers, mentors, and father figures who offer guidance, support, kindness, and strength in so many ways. Whether through quiet encouragement, shared wisdom, or simply being there when needed most, these meaningful connections leave a lasting impact on our lives and communities. We wish everyone celebrating a very happy Father's Day filled with love, appreciation, and special moments with family and friends.

Summer Emergency Preparedness

With warmer weather arriving, June is a good time to think about summer emergency preparedness – especially during periods of extreme heat. Having important phone numbers easily accessible, keeping medications organized and up to date, and creating a plan for staying cool can help prevent heat-related illnesses. Simple steps such as drinking plenty of water, keeping blinds or curtains closed during the hottest parts of the day, avoiding outdoor activities during peak heat hours, and wearing light clothing can all help reduce the risk of overheating. It's also important to check in on seniors, neighbours, friends, or loved ones who may need extra support during hot weather. Preparing ahead of time helps everyone stay safer, healthier, and more comfortable throughout the summer months.
